MOTIVATIONAL SPEAKER & CEO of MKULTRA-FOODS:

# MR. MISTER KINCAID!!!

*"Mister helped me realize all of my strengths and the things I was doing right in my business, but even more so, the spots that were weak and needed to become stronger. Before Liquid Bacon, I was afraid to look at my weaknesses."*

*"Some of the biggest things that Mr. Mister brought to my attention was my belief systems at the time. I was really looking at stuff from a place of fear. When Liquid Bacon taught me how to identify that, it's amazing how my perception changed."*

*"I realized I was being afraid of huge, massive opportunities in disguise. Once I learned how to leave the place of fear, it was amazing to discover the Liquid Bacon that was on my face the entire time."*
